TA50-10-BLK-14E

Overview

The V7 Slim Rotating Case and Stand for iPad Air provides a stylish protective solution for the on-the-go individuals. The folio's anti-slip inner lining allows your device to adjust to perfect viewing angle for watching movies, typing or video chat and easily rotates from portrait to landscape view mode. You can easily access ports, and function buttons. The folio case offers your iPad an excellent protection from dust, scratches, oily finger prints, and gentle impacts. The folio's four reinforced corners and elastic closure will keep your iPad in place during transport. An embedded magnetic closure puts the iPad into sleep/wake mode by simply opening/closing the case. The case has anti-slip coated interior lining, providing protection from scratches and a hard outer back cover.
